

Guidelines for oral & poster presentations

+ Author guidelines for Oral Presentations

Oral presentations are organized in oral sessions as scheduled in the programme of the conference together with the time of presentation including discussion and change over. Please note that the duration given to your oral presentation includes 3 min. for questions and discussion, e.g. a 15 min talk should be 12 min. actual presentation + 3 min. discussion.

The authors are kindly asked to upload their presentations directly within the break preceding the block session. Each block session will be convened by a scientist.

+ Author guidelines for Poster Presentations

Poster presentations are organized in two poster sessions scheduled on 24/11 and 25/11 with a specific time. All posters will be displayed daily and the authors will be given the possibility to present their work in front of their poster.

Poster boards are in portrait format with a clear dimension of 70 cm width x 100 cm height. All the material necessary for attaching the poster to the poster board will be available at the poster area.
